Many thanks to all of our invaluable volunteers who helped take down the Christmas display January 9th, and a special thank you to Herman Overvelde for hauling the trees away for us. At the Heart of the Action with Development and Peace for ecological justice: At the COP21, Canada committed to investing \$2.65 billion by 2020 to support countries of the Global South that are severely affected by climate change. While there are many ways to respond to climate change, we believe that agriculture must be at the heart of proposed solutions. Let's support an agricultural model that enables small family farmers to live in dignity and feed their communities in a way that respects our common home, the Earth. Sign the Development and Peace Action Card today! Ask the Prime Minister to take into account the vital role of small family farmers in feeding and cooling the planet and to ensure that their voices are heard.
