At the Heart of the Action with Development and Peace for ecological justice At the COP21, Canada committed to investing \$2.65 billion by 2020 to support countries of the Global South that are severely affected by climate change. While there are many ways to respond to climate change, we believe that agriculture must be at the heart of proposed solutions. Let's support an agricultural model that enables small family farmers to live in dignity and feed their communities in a way that respects our common home, the Earth. Sign the Development and Peace Action Card today! Ask the Prime Minister to take into account the vital role of small family farmers in feeding and cooling the planet and to ensure that their voices are heard.

ST. MARY'S MUSIC MINISTRY: As of Feb. 13th, forward there may be a time when we will have fill-in organists, a cappella leadership and sometimes no music until a replacement is found. A search is under way. Ads will be placed in various organists' organizations like the Royal Canadian College of Organists (RCCO) and in papers like the Catholic Register. The RCCO provide professional support to advise musicians and churches to assess levels of training and ability so that as good a fit for the musician and parish can be made as possible. Once applications have been received a committee will be struck to discern among the applicants. Please keep this very much in your prayers over the next couple of months.
