CCO (Catholic Christian Outreach) Appeal from David Nunez:

I am a student at Queen's University studying Applied Mathematics and I have been a parishioner of St. Mary's Cathedral throughout my time in Kingston. I have been selected to participate in an exciting mission trip with Catholic Christian Outreach. This reading week, a team of students will travel as pilgrims and missionaries to Honduras. We will be in the city of Comayagua, partnering with the Franciscan Friars of the Renewal and MCC (Movimiento Cristiano Catolico) to reach out to local university students. There, we will have the opportunity to share the Gospel and witness Christ's love. After participating in the RCIA (Rite of Christian Initiation of Adults) taught by Deacon Blaine, I was received into Full Communion in the Catholic Church this past Easter here at St. Mary's Cathedral. I am eager to spread my new found faith to members of the global Church, hoping to give them the joy and peace I have found in the Catholic Faith.

To participate in this mission project I am responsible for raising a portion of the cost through tax-deductible donations to cover training, accommodations, food and transportation. The amount I must raise is \$2,400. I ask you to prayerfully consider helping me by making a donation to help defray the cost. Thank you so much for helping me answer God's call! I will be at the back of the cathedral after Masses next weekend (Feb. 1st & 2nd) where you can speak with me and I can give you more information or please feel free to contact me at david.nunez@queensu.ca

THE FEDERAL GOVERNMENT HAS LAUNCHED A “PUBLIC CONSULTATION” ON ITS PROPOSAL TO DRASTICALLY EXPAND CANADA’S EUTHANASIA REGIME.

I received this email from Campaign Life Coalition on Tuesday, January 14th. I would encourage everyone to read it carefully and fill out the survey using the link at the end. *Always remember that adage attributed to the Irish philosopher and statesman Edmund Burke: “The only thing necessary for the triumph of evil is that good men do nothing.”*

Dear Reverend Hughes,

The federal government of Mr. Justin Trudeau has just launched a “public consultation” on its proposal to drastically expand Canada’s euthanasia regime (euphemistically referred to as “MAiD” or “Medical Assistance in Dying”).

The Liberals are looking to expand euthanasia to those who cannot give consent. They are also considering euthanasia for people who are not even dying.

More than 6,700 vulnerable Canadians have already been killed since legalization in 2016, and if this expansion goes ahead as planned, thousands more will fall victim to this sterilized form of medical murder. Additional groups of people – the elderly, the disabled, the terminally ill, the depressed, sick children – will have their lives dehumanized and devalued, which we believe will only pave the way to *greater human rights abuses in the future*.

Currently, the practice of medical murder is restricted to those “patients” who meet the following arbitrary criteria:

- they are at least 18 years old and mentally competent;
- they have a serious illness, disease, or disability;
- they are in an advanced state of decline that “cannot be reversed”;
- they experience “unbearable physical or mental suffering”;
- they are at a point where natural death has become “reasonably foreseeable”;
- they make a voluntary request to be euthanized;
- they give informed consent to be euthanized.

Expanding MAiD Puts the Elderly and Disabled at Risk

Of course, we reject the existing criteria as completely unacceptable from a moral and ethical standpoint! **Euthanasia is out-and-out murder, which God forbids.** Prior to

legalization, euthanasia and assisted suicide were defined in our Criminal Code as forms of *homicide*. No law-abiding citizen should ever have his/her death purposefully hastened or “facilitated” – for any reason.

Having the “option” of medical murder since 2016 has only created a **poisoned environment** in our culture, and in the health care system in particular. In this environment, vulnerable and hurting individuals are encouraged to consider whether their lives are indeed “worthy of life”. Real pressure is being applied by doctors, nurses, friends, and family members who may have ulterior motives (i.e. saving health care dollars, freeing up a bed, or gaining an inheritance). Health care professionals are standing in the place of God, advising of the “option” of euthanasia, and then either carrying out the deed or referring to some other doctor or nurse who will do it without any moral compunction.

Our present euthanasia regime is an utter travesty and a complete sham. **And it will only get worse if Mr. Trudeau has his way.** Soon we will be at the point of "euthanasia on-demand"! This is why we need your help!

There is a very short public consultation taking place as we speak, which ends on January 27th. In this consultation, the public has been granted the opportunity to fill out a brief online survey offering their views on expanding euthanasia.

We would urge you to please fill out the survey ASAP, stating your opposition to euthanasia expansion in the strongest possible terms. Here is the link to the survey: <https://www.justice.gc.ca/eng/cons/ad-am/index.html>

To make filling out this survey easier, I have listed the questions below, along with our suggested responses. Just be aware that these government questions are highly skewed in favour of expanding euthanasia.

Thank you for helping to stop the spread of this evil in our country.

Yours for Life,

David Cooke
