

Through the support of our wonderful volunteers at Community Spirit Gaming Association at 900 Montreal Street here in Kingston, we are able to directly support our most vulnerable...the funds we receive each month go towards our Drop-In Centre for the homeless and hungry, immediate and necessary repairs to our rectory (which houses our retired priests and collection money does not pay for), our needy and now CoVid expenses.

We are especially thankful during the current pandemic that the OCGA and the Community Spirit Gaming Association are able to make it possible through monthly funds via cGaming for us to continue to help those who in need.
